Oct 25, 2012 Does anyone know which countries the author supports? Ilya Efimov Acoustic Guitar is a Kontakt library sampled from Taylor acoustic guitars. This resulted in a dry, close, yet wide tone, which c. download ilya efimov acoustic guitar strum
Aug 11, 2014 Although this seems like a great sample library, I have a ton of questions about it. Does it support up to seven different guitars? You said that the samples are taken from real Taylor guitars, and I'm not sure if this means it'd be for an acoustic or a nylon guitar. Does it come with keys or custom, built library? In which version is it available? Does it include a demo? I love the sounds of the acoustic, but nothing sounds quite as sweet as the nylon one. I just can't seem to find out enough information about it so I'm kinda scared to use it. Also, do they have a similar set of diatonic/pentatonic scales on the electric as well as the acoustic? I'd love to explore some different chord voicings, but I'm not sure if this'll work on their library. But if anyone out there has a demo, that would be amazing. Thanks! The Strum is a sample-based fully functional module to imitate guitar musical accompaniment. Each of 33 chord variations that can be recognized . Duckbill Guitars - Acoustic Guitars The EK Sampler 5 String Electric Guitar Sampler offers 5 sample-based voices with over 5 hours of hi-end sound recorded on the EK Sampler 5 Strings at Duckbill Guitars. Each sample is unique and each sample is perfectly synchronized to... Line instruments
Oct 11, 2017 Synthesized electric guitar banks takes a huge effort to create a sound. How is it possible to create such effect? Ilya Efimov Ambience Acoustic Guitar sounds like ambience. It is available as a Kontakt sample library that combines an acoustic guitar and ambient sounds. On loop you can play the guitar and add to the ambient layer. The Kontakt library comes with an interactive PDF sheet music so you can play chords with music notes. Sep 17, 2010 What can I say? I LOVE the sound of a real acoustic guitar strum (not a specific song, just the sound of it). I downloaded Ilya's strum library, and I
